Regulation 1.—Certification of Purebred Animals

SECTION 1. Bureau of Animal Industry to issue certificates.—The Bureau of Animal Industry of the Department of Agriculture is hereby authorized to issue certificates of pure breeding under the provisions of this order.

SECTION 2. How to obtain certificates.—In order to obtain such certificates of pure breeding, importers shall conform to the following procedure:

Paragraph 1. Application for certificates.—An application for certificates shall be made to the Bureau of Animal Industry on forms furnished or approved by the department, showing the number of animals imported, the breed and sex, the port of arrival into the United States, customs entry number, the name of vessel or carrier by which shipped, and the date of arrival. This application may be signed by either the owner, the importer, or the agent, stating the name and address (in the United States) of the owner of the animal or animals. (A. H. Form 105—"Application for certificates" will be furnished upon request.)

Paragraph 2. Certificates of pedigree.—Certificates of pedigree for such animals, issued by the custodian of one of the books of record given in regulation 2, section 4, of this order, shall be furnished to the Bureau of Animal Industry.

Paragraph 3. Affidavit of identity.—A duly acknowledged affidavit from the owner, agent, or importer that the animals so imported are the identical animals described in the certificates of pedigree must be furnished. (A. H. Form 283—"Affidavit of identity" will be furnished on request.)

Paragraph 4. Ownership.—Complete transfer of ownership of imported animals from the breeder to the importer must be shown, such transfers to be either officially recorded by the registry associations issuing certificates, or on official certificates of transfer of such associations.

NOTE.—Paragraph 1606 of the tariff act of 1930 is quoted on pp. 5 and 6 of this order.

SECTION 3. Applications will be given consideration in the order in which they are received.—When the application and accompanying papers are satisfactory, certificates to that effect will be issued and forwarded to the collector of customs at the port of arrival and the pedigree certificates returned to the importer or his agent. However, the certificates of pure breeding of the Bureau of Animal Industry will not be issued until the descriptions of the animals submitted by an inspector of the Bureau of Animal Industry at the port of arrival are received in Washington. Descriptions will be taken only at the time of entry of animals which are declared for free entry and are accompanied by proper pedigree certificates and official transfers. All papers for animals which do not meet the requirements of this order will be retained or returned, at the discretion of the department.

SECTION 4. Eligibility of animals.—Where the provisions of this order have been otherwise complied with, animals will be certified as purebred which have been fully registered in good faith in one of the books of record for one of the recognized breeds given in regulation 2, section 4, of this order, except those which have been registered on inspection.

Regulation 2.—Recognition of Additional Breeds

SECTION 1. Application for recognition.—Before an additional breed to those shown in section 4 of this regulation shall be added to this order the custodian of its book of record shall submit to the department a complete set of the published volumes of such books of record to date of making application, together with all rules and forms in force on said date affecting the registration of animals in said book of record. The department will consider the case on its merits and use such information as may be available to determine whether the breed is a recognized breed and whether the animals registered in the book of record are purebred.

SECTION 2. Official communications.—All official communications submitted under the provisions of this order should be addressed to the Chief of the Bureau of Animal Industry, Department of Agriculture, Washington, D. C., except as mentioned below.

SECTION 3. Books of record required.—Custodians of books of record for recognized breeds shall forward volumes of their books of record as soon as published, addressed to the Chief of the Bureau of Animal Industry, in care of the United States Dispatch Agent, 2 Rector Street, New York, N. Y., U. S. A.

SECTION 4. Recognized breeds.—The following breeds of domestic animals are recognized. Opposite will be found the names of the foreign books of record for these breeds, with the names and addresses of their custodians.
